Overview of 2018 State Accountability System

Student Achievement

All Students

STAAR

- Combined over all subject areas evaluated (reading mathematics, writing, science, and social studies).
- Credit awarded for Approaches Grade Level or above, Meets Grade Level or above, and Masters Grade Level on::
 1. STAAR* (with and without accommodations) in grades 3-8 (including Spanish versions where applicable)
 4. EOC assessments (with and without accommodations)
 5. STAAR Alternate 2 at Level II Satisfactory and Level III Accomplished standards.

Domain Score

For elementary and middle schools, the Student Achievement domain score is based solely on the STAAR component. For districts and high schools, the three components are weighted 40%-40%-20%, respectively.

College, Career and Military Reading

Percentage of annual graduates that accomplish any of the following:

- Meet TSI criteria in ELA/reading and mathematics on assessments or college prep courses
- Meet AP/IB criteria
- Earn dual-course credits
- Enlist in the U.S. Armed Forces
- Earn an approved industry-based certification
- Earn an associate's degree while in high school
- Graduate with completed IEP and workforce readiness
- Complete CTE coherent sequence coursework and earn credit aligned with approved industry-based certifications (one-half postsecondary credit)

Graduation Rate

Four-year, five-year, or six-year graduation rate (or annual dropout rate if no graduation rate)

*STAAR results from Elementary students in their first year in the U.S. schools are excluded from accountability calculations. STAAR Alternate 2 results are included without regard to number of years in U.S. schools.

Better of either **Student Achievement** or **School Progress** domain = **70%** of overall rating **30%** of overall rating

School Progress

All Students

Graduation Rate

Part A: Academic Growth

Credit awarded for students who improve performance year over year as measured by STAAR progress measures and performance levels on STAAR* reading and mathematics.

Part B: Relative Performance

Credit awarded based on performance relative to similar districts or campuses.

Domain Score

The School Progress domain score is the better of Part A: Academic Growth or Part B: Relative Performance.

Closing the Gaps

All Students and Disaggregated Student Groups

Student performance disaggregated by the following:

- All students
- Race/ethnicity
- Economically disadvantaged status
- Current special education
- Former special education
- Current and monitored English learners
- Continuously enrolled
- Non-continuously enrolled

Components

- Academic Achievement
- Federal Graduation or Growth Status
- English Language Proficiency
- School Quality or Student Success

Domain Score

Credit awarded based on weighted performance of student groups against annual targets.

DISTINCTION DESIGNATIONS are awarded to campuses in ELA / reading, mathematics, science, social studies, Academic Growth and Closing the Gaps. Distinction designations are awarded to campuses and districts in Post-secondary Readiness. Campuses must be rated Met Standard overall to be eligible for distinction designations. Districts rated F overall and alternative education accountability campuses are not eligible for distinction designations.

DISCLAIMER This information was furnished by outside parties and McKnight Title makes no claim to the accuracy. Please contact the school district or the Texas Education Agency at www.tea.texas.gov directly for any further information or explanation of ratings.
